Physical Science Tutoring Center Room: T210 Spring 2020 Tutor Hours

Each tutor was hired because of their proficiency in the listed set of **primary courses** next to their names, though they are capable of offering some assistance for those courses listed under **secondary courses**. It is recommended that students seeking help for a specific course make an attempt to meet with a tutor that has that course listed as a primary course before seeking help from a tutor that has it listed as a secondary course.
