The Suffolk Community College Foundation is a nonprofit organization founded in 1989 to raise money to support the mission of Suffolk County Community College. Suffolk County Community College is the largest community college in the State University of New York system, enrolling approximately 26,000 students at its three campuses in Selden, Brentwood and Riverhead. Offering affordable college tuition, a highly respected Honors program, extensive extracurricular activities, championship athletic teams, and numerous transfer programs, SCCC is a first-choice college for Long Island students.

While need-based scholarships comprise the largest use of the assets of the Suffolk Community College Foundation, your contributions also help to fund emergency student loans, staff development, quality academic enrichment programs, and efforts that enhance the community's awareness of the work of the College. The scholarships awarded by the Foundation allow qualified students to pursue their education without taking on the burdens of significant financial obligations they are unable to afford. We invite you to join us for an evening of dancing, entertainment and goodwill as we celebrate student success and the accomplishments of the College, its staff, faculty, and friends.
