Suffolk is Proudly Going Tobacco-Free

In order to provide a clean and healthy environment for all students, employees and visitors, Suffolk County Community College is implementing a tobacco-free policy that will:

- Protect Suffolk students, faculty, staff and visitors from unwanted and involuntary exposure to tobacco and passive smoke
- Prohibit the use of all tobacco and tobacco-derived products on all College grounds
- Provide resources for tobacco users to get the help they need to quit for good

We encourage all individuals who use tobacco and tobacco-derived products to access smoking cessation programs and services at the College's Health Services Offices. In addition, we invite tobacco users to review the new tobacco-free policy and explore the many resources available at www.sunysuffolk.edu/tobaccofree.
