

Suffolk
COUNTY COMMUNITY COLLEGE

## Getting Your Start at Suffolk

There are so many reasons why Suffolk County Community College (SCCC) is an ideal place to pursue your education. We provide affordable, quality higher education delivered in small class settings led by faculty with credentials from many of the country's most acclaimed institutions.

With 100 degree and certificate programs, as well as articulation and dual admissions agreements with many local and nationally renowned four-year schools, our students are able to pursue a wide variety of interests and transfer with full credit to a four-year college or university to pursue a bachelor's degree. In fact, our graduates often save tens of thousands of dollars while going on to excel at some of the nation's most recognized institutions and in their chosen professions.

## A Complete College Experience

As the largest community college in the State University of New York (SUNY) system, you can count on Suffolk for a full collegiate experience. With recognized athletic programs, more than 100 student clubs, organizations and support services, you will have countless opportunities to grow both academically and personally.

## Exceptional Education

From enhancing the probability of success for students who need extra support, to creating an academically challenging environment for the hundreds of students in our Honors Program, to working closely with area businesses to meet their current and projected workforce demands, Suffolk is dedicated to meeting the full needs of our students and valued communities.

**Reaching Your Potential**

An education increases lifetime income. Compared to someone with a high school diploma, a graduate with an associate degree will see an increase in earnings of about $550,000 over the course of a working lifetime. This figure does not capture personal incidental benefits from education, including increased job satisfaction, improved health, and others. The average income of someone with an associate degree is approximately 40% more than a student with a high school diploma or GED. Suffolk students enjoy an average annual income increase of $166 for every credit completed.

**Financial Aid and Scholarships**

We are committed to providing our students with assistance to explore all available funding options. Each year, Suffolk awards more than $67 million in federal and state financial aid to more than 17,000 students.

Suffolk also offers a broad range of scholarships for incoming, existing and graduating students. In fact, the Suffolk Community College Foundation annually awards more than $350,000 in student scholarships.

# transforming lives

With campuses in Brentwood, Selden and Riverhead – and downtown centers in Sayville and Riverhead, we make it more convenient to achieve the future that you deserve. That's in addition to flexible scheduling options that give you the choice of taking classes in the early mornings, evenings, weekends and online, too!

# worth knowing...

- Suffolk is continually producing Phi Theta Kappa All-USA Academic Team members. What's more, our students receive SUNY Chancellor Awards, Jack Kent Cooke Scholarships and other notable academic accolades each year.

- Suffolk has joint admission agreements with a wide range of SUNY and private four-year colleges and universities.

- Suffolk is home to the largest nursing program in New York State.

- Our tuition is among the lowest in the region, yet our education is second to none. Suffolk's esteemed faculty brings personal attention and credentials from among the country's most acclaimed colleges and universities.

- Suffolk offers a variety of study abroad programs so you can enhance and expand your college experience.

- Suffolk offers the only accredited culinary arts program on Long Island.

- Suffolk was the first college in the country to have a digital planetarium offering state-of-the-art representations of the night sky.

- Suffolk's Radio and TV Production Program has placed approximately 1,000 graduates throughout the nation in jobs that involve all aspects of the broadcasting industry.

## Theatre Receives Applause

Suffolk's theatre program and its productions have been recognized by the prestigious Kennedy Center American College Theatre Festival and our alumni have gone on to distinguished careers in film, TV and on stage.

## Real-World Experiences

Suffolk offers exciting co-op/internship programs – including the Disney College Program – so students can "test-drive" careers in the real world. Suffolk has placed students in a wide variety of intrernship environments, ranging from finance to healthcare to broadcasting and beyond!

## Proud Alumni

Suffolk is home to more than 100,000 alumni – with the majority living and working right here on Long Island. This amounts to great networking possibilities when you are ready to start your career.

## STEM Education

Ninety-four percent of Suffolk's graduates from the National Science Foundation (NSF) scholarship program in Science, Technology and Mathematics (STEM) have transferred to four-year institutions to continue their studies. STEM scholars intern at Stony Brook University, Brookhaven National Laboratory and other nationally organized technology centers.

## Excellence in Athletics

We are a member of the National Junior College Athletic Association (NJCAA) Division III and have been nationally recognized for baseball, basketball, cross country, golf, lacrosse, soccer, swimming, tennis, track and field, volleyball, dance and other sports. The College also offers vigorous intramural sports programs.

## "Suffolk changed my life."

The classes were very challenging and when I look back at my career as an undergraduate and then as a law student, the experience at Suffolk was as rigorous – if not more so – than my other academic institutions.

*Eric Martinez, CPA, JD*
*Grassi & Co.*
*Class of 1986*

"I found my job directly through one of the events at Suffolk. They helped me meet my future employer."

- *Rachel Cronemeyer*
*Pastry Chef*
*North Fork Table*
*Class of 2011*

"I am so pleased to represent Suffolk. Without the support of my family and my coach, I would not have been able to get as far as I did."

- *Alberto Catano*
*SCCC student*
*and the 2012 Men's*
*200 Backstroke*
*National Champion*

"The professors were very involved with the students; the classes were interactive and they really wanted me to succeed."

- *Elizabeth Millings*
*Chemistry Researcher*
*and Ph.D. student*
*Class of 2008*
