- UNIFIED PROGRAMS AGREEMENT -

ADELPHI UNIVERSITY'S SCHOOL OF SOCIAL WORK
AND SUFFOLK COUNTY COMMUNITY COLLEGE'S HUMAN SERVICES PROGRAM

Adelphi University's School of Social Work and Suffolk County Community College's Human Services Program establish a unified programs agreement as described below in order to facilitate and encourage the entrance of graduates of the Human Services Program into the Bachelor of Science in Social Welfare curriculum at Adelphi University.

Students graduating from the Human Services Program at Suffolk County Community College (SCCC) with an Associate in Science (A.S.) degree and with a 2.8 GPA are eligible for admission to the Bachelor of Science in Social Welfare Program at Adelphi University (Adelphi).

In addition to the successful completion of SCCC's Human Service Program, admission to Adelphi's Bachelor of Science in Social Welfare program requires a personal interview, a favorable recommendation from a SCCC faculty member and acceptance to Adelphi University.

Acceptance of transfer credits is as specified in the Adelphi University Catalog current at the student's date of entry. Students who receive an A.S. degree from the SCCC Human Services Program will have all credits, up to a maximum of 64, accepted by Adelphi University, and Adelphi's General Education course requirements will be waived.

The Adelphi University School of Social Work requires students to have a broad liberal arts preparation for the study of social work. Introductory level courses in seven (7) topics comprise this requirement: Human Biology, Economics, Political Science, Sociology, Psychology, American Civilization, and World/Western Civilization. SCCC courses in these topics will be accepted by Adelphi University when students transfer to the School of Social Work; courses not taken at SCCC must be completed at Adelphi.

Requirements for graduation are as specified in the Adelphi University Catalog current at the student's date of entry.

Parties to this agreement will provide timely information to each other when curriculum or program changes are made so that adjustments at the cooperating institution may be considered if needed.
