

FROM THE ASST. DEAN OF GRANTS

Over the 2007-08 academic year, Suffolk County Community College (SCCC) and its educational non-profits received \$3.76 million in grants, contracts, and corporate awards (see 2007-2008 Institutional Grants Awards Report, pp. 2-5). Consequently, total grants funding has remained fairly stable, between \$3.6 million to almost \$3.8 million, for the past three years:

The largest awards were the Corporate Training Center’s two Community Based Job Training Grants from the U.S. Department of Labor’s Employment Training Administration: the final year of the L.I. Mechatronics Job Training Initiative (\$717,111) and the new 2008-2011 Technical Education in Advanced Manufacturing (TEAM) Initiative (\$614,650). Two other awards exceeded \$250,000 each: the 2007-08 Career & Technical Education Act (CTEA) grant (\$448,300), which is managed by Office of Grants Development (OGD) staff, and the third year of the U.S. Department of Education TRIO-Student Support Services (SSS) grant (\$267,986), which is administered by SSS Program Director, Lorianne Lueders-Yanotti.

The purpose of OGD’s annual *Grants Newsletter* is to publicize the efforts of SCCC faculty, administrators and staff in writing, securing, and managing grants on behalf of the college. If you receive an extramural award during the 2008-09 academic year, please notify Vice President Mary Lou Araneo so that the college community can be notified of the award through a press release or college publication.

– Margery L. Oldfield, Ph.D.

DR. W. TROY TUCKER—OGD GRANT SPECIALIST

In July of 2008, the Office of Grants Development hired Dr. W. Troy Tucker to replace Dr. Oldfield in her former role as OGD Grant Specialist I. He brings enthusiasm for grantsmanship and many years of grant-writing experience that spans the social sciences, environmental science, ecology, and engineering. We anticipate that Dr. Tucker’s hire will significantly enhance the college’s capacity to secure additional grants.

Dr. Tucker received a B.A. from the University of Utah and both a M.S. and Ph.D. from the University of New Mexico, all in Anthropology. His past research endeavors have included the demography of New Mexican men, which was supported by a three-year National Science Foundation Graduate Fellowship Grant, and ethnographic studies of hunter-gatherers in Venezuela, an agricultural village in Tanzania, and swidden agriculturalists in Madagascar. He has previously taught Anthropology courses at the University of New Mexico and Stony Brook University.

Before coming to SCCC, Dr. Tucker was employed as a research scientist at Applied Biomathematics, a consulting firm in Setauket, NY, where he pursued grants and contracts to conduct human and ecological risk assessments for the U.S. Environmental Protection

Agency, “extreme engineering” studies for the National Aeronautics & Space Administration (NASA), and uncertainty visualization and analysis for Pfizer Corporation.

Since 2001, Dr. Tucker has authored or coauthored 23 major grants that he submitted to NASA, the National Institutes of Health (NIH), National Science Foundation (NSF), U.S. Department of Homeland Security (DHS), U.S. Department of Energy (DOE), U.S. Department of Defense (DOD) and the Defense Advanced Research Projects Agency (DARPA). Nine of these grants were funded for a total of more than \$2.7 million. Dr. Tucker also organized a NSF workshop on risk communication and edited the proceedings for the New York Academy of Sciences.

Mission of the Office of Grants Development

The mission of the Office of Grants Development (OGD) is to increase the volume of grant activity, the quality of grant submissions, and the number of grants awarded to Suffolk County Community College. OGD provides the following services for the college's faculty, staff, and administrators:

- Dissemination of information about grantwriting activities and grants planning strategies
- Identification and dissemination of information about potential extramural funding sources
- Assistance with the preparation and submission of grant and contract proposals
- Coordination of the internal review and approval of all SCCC grants and contracts
- Maintenance of a grants resources library
- Publication of periodic grants alerts, an annual newsletter, and the annual grants awards report
- Provision of pre-award guidance for grants directors and project managers
