XSC118 LEED GREEN ASSOCIATE V4 **Tuition $249.00**

Developed by the U.S. Green Building Council (USGBC), the LEED v4 (Leadership in Energy and Environmental Design) rating system is the most distinguished and widely accepted green building certification in the world. Architects, engineers, interior designers, and contractors will benefit from LEED certification, the first level of which is the LEED Green Associate. You will learn green building and LEED fundamentals and prepare for the LEED Green Associate Exam. Core concepts will include the LEED rating system and green building strategies. Additional topics include an overview of recommended study methods, exam-taking skills and practice questions for the LEED Green Associate Exam. To take the LEED Green Associate Exam, you must have previous experience supporting a LEED-registered project, be working in a sustainable field of work, or have attended an education program that addresses green building principles. **This class will qualify you to take the LEED Green Associate Exam.**
