Suffolk County Community College 2022 -- 2023 Operational Plan

As outlined in the *Comprehensive Assessment Plan for Institutional Effectiveness (CAPIE)*, each year the President's Cabinet is asked to submit divisional/campus operational plans. These plans, when taken together, form the College's Annual Operational Plan. In creating the plan, the responsible executives tie action items or initiatives to the College's Institutional Goals, which are central to our Strategic Plan, and to Middle States Standards for evidence of accreditation compliance. Tying the plans to our Institutional Goals allows strategic focus on achieving the College's Mission:

Suffolk County Community College promotes intellectual discovery, physical development, social and ethical awareness, and economic opportunities for all through an education that transforms lives, builds communities, and improves society.

The Plan, once reviewed and approved by the College's President, is reviewed by the Strategic Planning Council. This review serves as an accountability measure in the process, and the Council may make suggestions regarding the planning process (timelines, templates, communication, etc.).

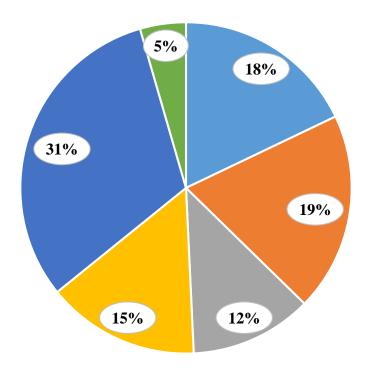

Three times each year a progress report is compiled – after the fall semester, after the spring semester, and the final report in August.

Forty-two (42) targeted action items/initiatives were developed to operationalize goals of the Strategic Plan. All Institutional Goals and Middle States Standards have been addressed by multiple action items. The charts shown on the following pages indicate the percentage of actions/initiatives addressing each focus area for the Institutional Goals and Middle States Standards.

INSTITIONAL GOALS WITH STRATEGIC OBJECTIVES

- 1. Open Access: To ensure the college is ready to meet the needs of all students, regardless of background or previous education.
 - 1.1. Strengthen proactive outreach and recruitment to secondary schools
 - 1.2. Create and implement strategy for recruiting and enrolling adult students
 - 1.3. Partner with employers to recruit in-service workers for further education
 - 1.4. Recognize and address student basic needs in order to optimize access and enrollment
- 2. Student Learning: To offer the highest quality academic programs that support student attainment of their educational and professional goals.
 - 2.1. Integrate comprehensive student enrollment, equity, learning outcomes, and success data into academic planning and assessment
 - 2.2. Create student pathways that facilitate student retention, progression, and completion
 - 2.3. Instill research-based best practices within all instructional modalities
 - 2.4. Link instruction to scaled academic support services in significant areas of student challenge
 - 2.5. Ensure career programs reflect employer-identified outcomes and incorporate current industry practice (e.g., internships, professional certifications, licensure)
- 3. Student Engagement and Success: To provide a full range of support services promoting student engagement, development, and success.
 - 3.1. Implement a college-wide onboarding process that optimizes enrollment and retention
 - 3.2. Create and implement consistent expectations and anticipated outcomes for one-stop student services
 - 3.3. Standardize and improve systems that facilitate student retention (e.g., consistency of advising; early alert notifications; digital "companion" for students; student notifications)
 - 3.4. Provide and enhance opportunities that encourage personal and professional growth for students.
- **4. Equity and Social Justice:** To create a welcoming culture in which every community member understands that they belong, and to eliminate disparities in student access and achievement.
 - 4.1. Establish baseline measures and equity goals for student access, services, and academic achievement and implement strategies to eliminate disparities
 - 4.2. Ensure best practices in the recruitment, hiring, and retention of college employees to advance diversity, equity, and inclusion, and to better reflect the demographics of the community
 - 4.3. Through systemic and intentional professional and student development, foster a unified college culture of inclusion, belonging, and equity
- **5. Effectiveness and Sustainability:** To add value to all students' education through innovative and conscientious improvement of institutional operations and services.
 - 5.1. Amplify organizational and professional development opportunities that support student success and continuous institutional improvement
 - 5.2. Integrate student outcomes data as a tool for supporting resource allocation
 - 5.3. Enhance fiscal sustainability through ongoing collegewide cost analysis
- **6. Community Partnerships:** To advance the equitable development of our region's economy, workforce, and communities.
 - 6.1. Partner with social services organizations to identify and meet the needs of underserved communities and populations
 - 6.2. Advocate with all community stakeholders to increase public visibility of the college, enhance public perception, and recruit investment
 - 6.3. Partner with industry stakeholders to meet regional workforce and economic development needs

Institutional Goals (IGs)

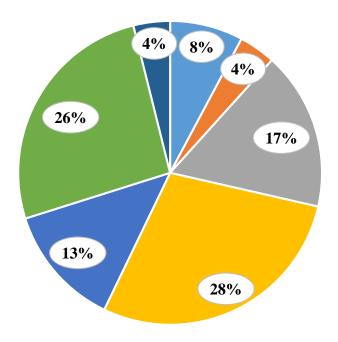

- 1. Open Access (12 actions/initiatives)
- 2. Student Learning (13 actions/initiatives)
- 3. Student Engagement and Success (8 actions/initiatives)
- 4. Equity and Social Justice (10 actions/initiatives)
- 5. Effectiveness and Sustainability (21 actions/initiatives)
- 6. Community Partnerships (3 actions/initiatives)

MIDDLE STATES COMMISSION ON HIGHER EDUCATION (MSCHE) STANDARDS

- I. Mission and Goals –The institution's mission defines its purpose within the context of higher education, the students it serves, and what it intends to accomplish. The institution's stated goals are clearly linked to its mission and specify how the institution fulfills its mission.
- **II. Ethics and Integrity** Ethics and integrity are central, indispensable, and defining hallmarks of effective higher education institutions. In all activities, whether internal or external, an institution must be faithful to its mission, honor its contracts and commitments, adhere to its policies, and represent itself truthfully.
- III. Design and Delivery of the Student Learning Experience An institution provides students with learning experiences that are characterized by rigor and coherence at all program, certificate, and degree levels, regardless of instructional modality. All learning experiences, regardless of modality, program pace/schedule, level, and setting are consistent with higher education expectations.
- IV. Support of the Student Experience Across all educational experiences, settings, levels, and instructional modalities, the institution recruits and admits students whose interests, abilities, experiences, and goals are congruent with its mission and educational offerings. The institution commits to student retention, persistence, completion, and success through a coherent and effective support system sustained by qualified professionals, which enhances the quality of the learning environment, contributes to the educational experience, and fosters student success.
- V. Educational Effectiveness Assessment Assessment of student learning and achievement demonstrates that the institution's students have accomplished educational goals consistent with their program of study, degree level, the institution's mission, and appropriate expectations for institutions of higher education.
- **VI. Planning, Resources, and Institutional Improvement** The institution's planning processes, resources, and structures are aligned with each other and are sufficient to fulfill its mission and goals, to continuously assess and improve its programs and services, and to respond effectively to opportunities and challenges.
- VII. Governance, Leadership, and Administration The institution is governed and administered in a manner that allows it to realize its stated mission and goals in a way that effectively benefits the institution, its students, and the other constituencies it serves. Even when supported by or affiliated with governmental, corporate, religious, educational system, or other unaccredited organizations, the institution has education as its primary purpose, and it operates as an academic institution with appropriate autonomy.

Middle States Standards (MSCHE)

- I. Mission and Goals (6 actions/initiatives)
- II. Ethics and Integrity (3 actions/initiatives)
- III. Design and Delivery of the Student Learning Experience (13 actions/initiatives)
- IV. Support of the Student Experience (22 actions/initiatives)
- V. Educational Effectiveness Assessment (10 actions/initiatives)
- VI. Planning, Resources, and Institutional Improvement (20 actions/initiatives)
- VII. Governance, Leadership, and Administration (3 actions/initiatives)

Division or Campus		
Office of the President	Responsible Executive Lead Responsibility or Principal Collaborators Timeline Activity/Initiative Institutional Goal(s) Strategic Objective(s) Key Performance Indicator MSCHE Standard(s) January 2023 Update	President Chief of Staff Fall 2022 and Spring 2023 Collaborate with the appropriate internal stakeholders and community organizations to identify and meet student's basic needs. 1, 6 1.4, 6.1 Enrollment Fall-to-fall retention of first-year students into the second-year (retention) IV A relationship was established with the Department of Social Services (DSS) in November 2019 which resulted in an MOU that allowed for a dedicated DSS representative at the Grant Campus once a week to meet with SUNY Suffolk students in person and virtually. The scheduling and tracking of this process is managed by personnel in the Office of Students Affairs under the direction of the Vice President of Student Affairs. Appointments began in March of 2022 and to date, 173 appointments have been scheduled with our students. In
		Appointments began in March of 2022 and to date, 1/3 appointments have been scheduled with our students. In November of 2022, a bilingual college aide was hired with the use of Perkins funding to assist with scheduling and outreach to students in Spanish, which has been extremely helpful. The Department of Labor has indicated they are open to an arrangement similar to DSS. We are considering how this might be implemented effectively. With help from the college's Chief Diversity Officer, we are exploring additional opportunities to engage with other county agencies to expand the services offered to students. Meetings and discussions have occurred with the Office of Human Services, Women's Services, and 311. We will meet internally to determine appropriate next steps and action items.
		Preliminary discussions with the District Governor of the Lions Club regarding food drives they will organize to support our pantries on each campus began in the fall. An introductory meeting with 100 Hispanic Women of Long Island regarding their scholarship offerings for Latina students was conducted during the Fall 2022 semester. Additional ideas to partner and provide support and encouragement for students of color were also discussed. The Chief Diversity Office and Assistant Dean of Student Services on the Ammerman Campus participated in the initial meeting and a larger, more inclusive meeting will be scheduled in the coming weeks to plan events for the spring.
		Following a Covid-19 hiatus, the Co-Chairs of the Basic Needs Task Force were asked to re-engage task force members and a meeting is scheduled for mid-January 2023.

		III, IV
Ja		During the fall semester, the Vice President of Academic Affairs and the Associate Dean for Curriculum Development met with the Committee on Academic Standards to discuss the above policy and the data used to arrive at the current language. Following the initial meeting, the Vice President and Associate Dean for Curriculum Development met with the chairs to work on Academic Standing and other policies affecting student success and retention. A Teams site has been developed for the committee and Academic Affairs to work collaboratively on the policies under review. It is expected that revisions will be made to the Academic Standing Policy, Late Withdrawal, and Absence and Attendance and submitted to Governance by the end of the spring semester.

M	ISCHE Standard(s)	III, IV
Ja		The Vice President of Academic Affairs and the Vice President of Student Affairs held three retention workshops in the fall semester. One of the workshops was dedicated to course placement and a discussion around best practices for placing students in Math and English. Following the workshop, two meetings were called, one with the Math chairs/faculty and one with the English and Reading chairs and recommended faculty. Both meetings were working sessions to discuss current practices, concerns about using multiple measures, best practices, and self-guided placement. A Teams site has been developed to hold resources and the work of the two groups. Monthly meetings will be set up for the spring semester to develop metrics for placing students to make it easier for students and advisors to understand so that student placement is more effective and based on research and promotes student success. It is anticipated that the working groups will have a document ready for review by the end of the spring semester.

	Timeline	Fall 2022 and Spring 2023
	Activity/Initiative	Further align the 2022-2027 strategic plan values, institutional goals, and strategic objectives with operational
		planning and college-wide assessment
	Institutional Goal(s)	5
	Strategic Objective(s)	5.1
	Key Performance	Professional development opportunities.
	Indicator	Increase in completion of academic and AES (administrative and educational service) annual assessment plans
	MSCHE Standard(s)	III, IV, V, VI
	January 2023 Update	In Summer 2022, the OPIE team began to reimagine the operational planning process. The operational plan template was revised to incorporate the new institutional goals, strategic objectives, and seven key performance indicators. To create a more collaborative operational planning process, members of President's Cabinet worked with their individual teams and then as a collective group to discuss the activities/initiatives of focus for the 2022-2023 academic year. The timeline for the submission of plans was moved from late-October to early-September. This provided an opportunity for the full operational plan to be presented to the Strategic Planning Council and the college's Board of Trustees at the start of the academic year. Similar to operational planning, the co-chairpersons and liaisons of the Assessment Advisory Council (AAC) along with the new Vice President for Academic Affairs (VPAA) met in the summer to reimagine assessment at the college. The assessment template for Administrative and Educational Support Services (AES) units was updated to reflect the new institutional goals and strategic objectives, and to be in line with operational planning; AES units were asked to provide updates in January, June and August as well. Because the needs and time lines for conducting academic assessment are slightly different, the VPAA is working with the AAC academic cochairperson and her team to develop a plan. The VPAA is also working with OPIE to better utilize the assessment software across the college. Further implementation of the software will begin during the Spring
	D '11 E .'	2023 semester.

	Increase high school on-site visits by 15%
MSCHE Standard(s)	IV
January 2023 Update	The goal of initiating proactive outreach and recruitment to regional secondary schools has progressed to
January 2023 Operate	reviewing applicant data for each degree program at Ammerman over the last seven years. We have identified programs showing a reduction in submitted applications, and have identified strategies with Academic Chairs and Associate Deans for ways to bring faculty more into the recruitment process, all in an effort to see a 10% increase in applications for Fall 2024 for these programs. Regarding the recruitment of prospective Latino students, this goal is still awaiting approval to fill a vacant bi-lingual admissions counselor position. In the meantime, our Director of Admissions/Assistant Dean of Students has developed a plan to produce more bi-lingual materials for high schools and events. She herself takes on assignments to provide bi-lingual information
	sessions and services as needed.
Responsible Executive	Executive Dean
Lead Responsibility or	Associate Dean of Student Affairs, Assistant Dean of Student Affairs/College Director for Career Services,
Principal Collaborators	AAMC Coordinator/Advisor
Timeline	Fall 2022 and Spring 2023
Activity/Initiative	Increase faculty participation in the AAMC by 10%. Offer on-campus and virtual faculty advising training, assess which departments faculty volunteer from and partner with a faculty coordinator.
Institutional Goal(s)	3
Strategic Objective(s)	3.3
Key Performance	Fall to spring student persistence increases by 10%
Indicator	Fall to fall retention of first-year students into the second-year increases by 10%
MSCHE Standard(s)	IV
January 2023 Update	A faculty coordinator from the General Studies program has been assigned to the AAMC and is actively recruiting and assigning faculty advisors to participate in/at the Center. To date, the rate of faculty participation in the AAMC to advise students from Fall 2021 to Fall 2022 shows an increase. We continue to track participation data to show progress. In addition, the faculty coordinator has conducted advising and training sessions for these new faculty.

	MSCHE Standard(s)	III, IV
	January 2023 Update	A 7-year analysis of fall enrollment trends for Ammerman degree programs was conducted on the campus utilizing the Dashboard. Next step is for all to work together (Executive Dean, Academic Chairs, Associate Deans, and Counseling) to outline strategies and initiatives to increase Fall 2024-Fall 2025 program enrollments by at least 10%. This data was reviewed with Academic Chairs during individual budget meetings to emphasize the correlation between budget planning and enrollments.
	Responsible Executive	Executive Dean
	Lead Responsibility or Principal Collaborators	Associate Dean of Academic Affairs, Associate Dean of Academic Affairs, Math Chairs, and English Chairs
	Timeline	Fall 2022 and Spring 2023
	Activity/Initiative	Analyze 5-year final grades in entry level Math and English courses to determine success rates in these courses on the Ammerman campus. Based on results, work to develop and implement strategies to increase success rates in these classes.
	Institutional Goal(s)	2, 3
	Strategic Objective(s)	2.1
	Key Performance Indicator	Success rates in entry-level English and Math courses within the first year
	MSCHE Standard(s)	III, IV, V
	January 2023 Update	For Math: The President shared 3-year success rate data for the entry-level Math courses with college-wide Math Chairs. Fara Afshar reached out to OPIE for 5-year success data which will be available later in January. Fara and the Chair of the Math Department have started analyzing the 3-year success rate data and are discussing strategies for improvement. For English: Requests to OPIE for data is starting this month by Sandra Sprows.

January 2023 Update	To better understand why students on the Grant campus were withdrawing, during the fall 2022 semester, the Associate and Assistant Deans of Student Affairs created and distributed a campus survey which included the reason for withdrawal. From the start of the semester through the last day of classes, a total of 768 students on the Grant campus withdrew from some or all courses for a number of reasons. Based on the data that was collected from the students who completed the survey, the majority of students either did not provide a reason or attributed the withdrawal to a life issue. Depending on the reason provided, students were referred to the
	appropriate office for additional follow-up by Grant campus personnel.
