Keeping You Safe and Healthy

Important Things to Know While Choosing Your Schedule

We know that a big part of achieving your academic goals means staying healthy throughout the semester.
That's why we are sharing the following expectations about safeguarding students on campus this fall:

Mask Up!

Wearing a mask helps protect everyone. That's why all students, regardless of COVID-19 vaccination status, will be required to wear a mask in crowded outdoor settings or whenever inside any College building and in all classrooms.

COVID-19 Weekly Testing

Staying healthy begins by knowing that you are not infected by the virus.
That's why all students who attend on-campus classes or activities – but have not submitted proof of vaccination against COVID-19 – will be required to participate in weekly on-campus COVID testing.

FDA Full Approval of the Vaccine Will Make Student Vaccinations Mandatory

The FDA is expected to grant full approval to the COVID-19 vaccine in the very near future. Once that happens, all students taking in-person classes will be given a timeframe in which to comply to secure at least their first shot and/or to provide proof of vaccination to the College. Students may be able to submit medical and religious exemption applications. Please note, some programs and activities (such as clinical rotations at external sites) may have additional requirements which do not allow exemptions.

Please Choose an Online Schedule If You Choose Not To Be Vaccinated

We are pleased to offer many courses completely online. Students who do not plan to be vaccinated are encouraged to build a schedule using one of our three online options.
Students who do not follow the vaccine mandate will not be able to continue in-person learning on campus and will be subject to existing College policies related to withdrawals and refunds.

Have You Received the COVID-19 Vaccine?

You can email a copy of your vaccine card – or submit it in person – to your Campus Health Services Office.
Please be sure to include your name and student ID number with your vaccine card.
Ammerman Campus: healthserv-ammr@sunysuffolk.edu • Eastern Campus: healthserv-east@sunysuffolk.edu
Michael J. Grant Campus: healthserv-west@sunysuffolk.edu

Suffolk
COUNTY COMMUNITY COLLEGE

Please be aware that all plans remain subject to change, based on future decisions made by the College, SUNY, and our elected officials.
Students are encouraged to refer to the college's coronavirus website for detailed information at sunysuffolk.edu/coronavirus.
