As a result of the Food and Drug Administration’s full approval of the Pfizer COVID-19 vaccine, all SUNY institutions – including SUNY Suffolk – require that all on-campus students must provide proof of full vaccination. You may submit proof of vaccination to covid19vaccinecards@sunysuffolk.edu or bring your vaccination card to the Campus Health Office.

- Students who do not submit proof of vaccination – or who do not request and receive an approved exemption – will not be able to register for in-person classes on campus.

- Students may request an exemption from this requirement based on medical or religious grounds.

- Filing for an exemption is a rigorous and demanding process. Students will be notified if their request is approved.

- Fully remote students are not subject to this requirement. Please note: Not all programs can be completed online due to in-person or clinical components. Please refer to sunysuffolk.edu for a list of programs that may be completed entirely online.

You belong here. We look forward to seeing you!
