Africa Rising. Across Africa, women are leading a grassroots movement to end the 5,000 year old practice of female genital mutilation. With little more than a fierce determination and deep love for their communities, brave African activists are leading a formidable, fearless grassroots movement to put an end to this human rights violation. Convincing circumcisers to lay down their knives, engaging the police to implement the law, and honing leadership skills in girls, these determined activists have been working tirelessly for years to conceptualize their campaign. This film paints an intimate portrait of the broadly based but little-known anti-FGM movement and shows that courageous, creative, and resourceful individuals can change the course of history. **DVD 1055 (62 min.) Introduction (3:29) -- Hiding in plain sight (7:13) -- A taught behavior (9:17) -- An American ideal (7:15) -- The cool pose (6:14) -- Upping the ante (3:57) -- A culture in retreat (16:02) -- All the wrong lessons (14:53) -- Beyond the tough guise (9:34).

In this highly anticipated update of the influential and widely acclaimed Tough Guise, pioneering anti-violence educator and cultural theorist Jackson Katz argues that the ongoing epidemic of men's violence in America is rooted in our inability as a society to move beyond outmoded ideals of manhood. In a sweeping analysis that cuts across racial, ethnic, and class lines, Katz examines mass shootings, day-to-day gun violence, violence against women, bullying, gay-bashing, and American militarism against the backdrop of a culture that has normalized violent and regressive forms of masculinity in the face of challenges to traditional male power and authority. Along the way, the film provides a stunning look at the violent, sexist, and homophobic messages boys and young men routinely receive from virtually every corner of the culture, from television, movies, video games, and advertising to pornography, the sports culture, and US political culture. Tough Guise 2 stands to empower a new generation of young men--and women--to challenge the myth that being a real man means putting up a false front and engaging in violent and self-destructive behavior. **DVD 1071 (78 min.)
