5 Bon Voyage!

Rome, Florence, Madrid, Berlin, Quebec—students' horizons expand far beyond Suffolk County when they participate in SCCC's summer Study Abroad program. From 2005, when it was established, to 2008, the number of student travelers increased from eight to 62. Upon their return they shared, "It opened a whole new world to me," "There's not a day that I don't think about Rome," and more.
