DIETARY MANAGERS

XAH120 DIETARY MANAGERS CERTIFICATE PROGRAM **Tuition $699.00**

Our 120-hour Dietary Managers Program is a two-semester course which trains and educates food service managers. This course has been granted full approval by the Association of Nutrition and Food Service Professionals (ANFP). Graduates are eligible for membership in the ANFP and may take the National Certification Examination for Dietary Managers. Supervisors, cooks and other dietary personnel who have demonstrated leadership potential are eligible to enroll in the program, which is held on alternate Saturdays during the semester.
(8 meetings; schedule available at first session.)

HG-29363-16-60-A-36 and does not necessarily reflect the official position of any of the funding agencies named and who also make no guarantees, warranties, or assurances of any kind, express or implied, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership.

Health IT careers have a projected growth of 17% with a median salary of $43,790

XHI102 TECHHIRE HEALTH INFORMATION BOOT CAMP NEW COURSE **No Tuition Required**

Students will participate in classroom and online instruction to develop career skills for the healthcare field through a Tech Hire workforce grant. This course is designed to prepare students with practical knowledge that will strengthen time management, develop organizational skills, and introduce the Electronic Health Record (EHR). Students will also complete a module that will introduce them to the Community Healthcare Worker career. Participants will explore employer requirements and develop their portfolio accordingly. Students will earn a National Workforce Readiness Credential upon completion and will be prepared to take the Health IT online course, that will lead to a HIMSS Health IT certification. Prerequisite: Must be 17-29 years of age. (60 hours)

				Sat - 9:00am-1:00pm	Smithtown Bldg., 118

XHI201 TECHHIRE HEALTH INFORMATION TECHNOLOGY NEW COURSE **No Tuition Required**

Students will participate in online instruction to develop career skills for the Health IT workforce. This Health IT online program is approximately 78 hours of online instruction (equivalent to six months) and is designed to prepare students with the practical knowledge and skills required to fill the Health IT roles in a variety of healthcare settings. Students will be introduced to an electronic health record using a vendor specific EHR called Spring Charts. Upon successful completion of the program, students will receive a Certificate of Completion from Suffolk County Community College, a Certificate of Completion from Spring Charts, and will also be prepared and receive a voucher to take the certification exam administered by Healthcare Information and Management Systems Society (HIMSS). This exam will allow the student to become a Certified Associate in Health Information and Management Systems (CAHIMS). Students will receive career counseling as they explore employer requirements and develop a portfolio accordingly. Prerequisite: Must be 17-29 years of age.
