YOUR SUCCESS STARTS AT SUFFOLK

At Suffolk County Community College, we believe education is critical for building strong families, vibrant communities and a skilled workforce. Here you will find affordable, quality, higher education delivered in small class settings, led by faculty with credentials from many of the country's most acclaimed colleges and universities.

Suffolk is one of the 64 colleges and universities that make up the State University of New York (SUNY) system. With an enrollment of nearly 27,000 students, we are the largest community college in New York State. As a premier, learning-centered institution, we offer more than 100 degree and certificate programs.

Our students are among the best and brightest in the region. Many of them choose to earn an associate degree here and then transfer with full credit to a highly rated four-year college or university to pursue a bachelor's degree. By spending the first two years of their higher education experience at Suffolk, they receive a quality education while saving tens of thousands of dollars. Our students also excel outside the classroom as leaders in over 90 student organizations and clubs or on one of our NJCAA Division III or intramural sports teams.

I am proud to say that the College is committed to economic empowerment, entrepreneurial development and skills enhancement. We serve as an economic development catalyst for our region. The College prepares County residents for a wide range of employment opportunities and provides business and industry with a highly skilled workforce able to compete in a variety of fields. The role of the College in the development of the region's workforce has become even more crucial as students look to reshape their careers in order to compete more effectively in a changing economic and educational environment. County residents who find themselves unemployed or under-employed are able to turn to Suffolk to prepare for new jobs.

Whether you are starting your college experience, seeking to advance in your current position, or have made the decision to transition into another career, Suffolk County Community College is your resource for the very best programs, instruction and student support services.

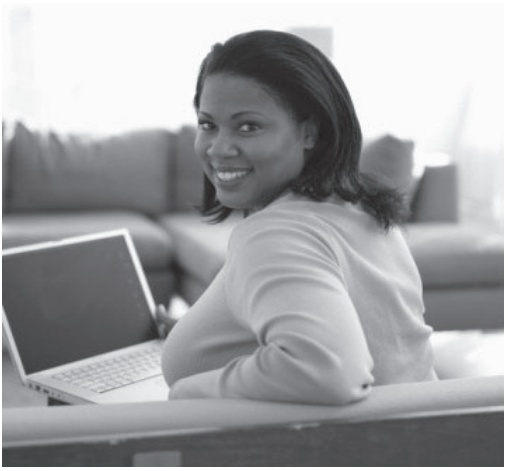

Sincerely,

Dr. Shaun L. McKay

President
